PROGRAM DESCRIPTION

Have you ever wondered how to make content memorable for your learners? Let "Know" White introduce you to her learners by comparing eight cartoon characters to the eight frames of mind according to Dr. David Lazear, et al., the recognized experts in learning styles. Have you ever taught a class with unhappy learners? A class that was so challenging that you found yourself clicking your heels together and repeating, "I just want to go home?" Michele will share practical, simple and easy to implement ideas you can use to alter the situation. Orchestrate the dynamics in your class so that it becomes a win-win for all.
